

## **CONSTRUCTION QUANTITY SURVEYOR – EXPRESSION OF INTEREST (FIFO)**

### **ORANGE / NSW**

#### Summary:

Enthalpy are experts in the field of Project Delivery; we've provided a wide range of services to support our clients with planning, controlling and delivering projects in the resource industry for over 30 years. We enable clients to minimise risks, assure project outcomes and maximise investment returns.

We are seeking a Construction Quantity Surveyor to work as an Associate of Enthalpy for one of our mining clients. This is a fly in/ fly out position on a roster which can be discussed offering \$1300 – \$1600 per day for the right candidate.

As a Quantity Surveyor you will be responsible for measurement, cost planning, cost reporting and forecasting. You'll work within a team of Quantity Surveyors to ensure timeframes and budgets are met. You'll report to the Engineering and Commercial Manager.

#### Responsibilities:

- Manage construction costs from design through to delivery
- Manage variations
- Conduct progress claims
- Delve into the costing of the projects to better understand the unit costs
- Looking at unit cost for productivity
- Develop standard commercial reporting
- Providing commercial and contractual support where necessary
- Supporting cost reporting, cost tracking, and forecasting, while building and standardising these practices across the business
- Measurement activities.

#### Requirements for the role:

- Relevant Trade or tertiary qualifications
- C Class Driver's Licence
- A Bachelor's degree in project management or construction management majoring in Quantity Surveyor
- Minimum 2yrs Australian Quantity Surveying experience
- Ability to solve problems with many variables and unique situations
- Proven conceptual, research, planning, analytical and problem-solving skills
- Ability to work autonomously as well as part of a multidisciplinary team
- A pro-active attitude.

## **Applications**

Enthalpy is managing the recruitment process and is not taking external recruiter applications. If you would like to be part of an exciting organisation and possess the skills and experience outlined above, please click Apply Now and attach your CV and Covering Letter or email [enquiries@enthalpy.com.au](mailto:enquiries@enthalpy.com.au).

Address your application to Evan Karjalainen - General Manager, Project Management and Delivery Services.
